DoD FM

Becker's Online CPE courses qualify as CETs toward the DoD FM Certification. These courses have been aligned by the DoD, Office of the Under Secretary of Comptroller, to the DoD approved Financial Management and Leadership competencies for the specific area of study. The DoD course alignments serve neither as an advertisement, endorsement, or a recommendation of any privately developed and maintained courses for continuing education.

The Certified Defense Financial Manager (CDFM) is a professional exam-based certification which allows one to demonstrate proficiency in all core aspects of defense financial management. The three examinations required to earn the CDFM cover a broad spectrum of financial management in 12 core competencies in the areas of Resource Management Environment, Budget and Cost Analysis, Accounting and Finance. If an optional fourth examination, covering 10 competencies with a focus on acquisition, is also passed, the CDFM with Acquisition Specialty (CDFM-A) is awarded. These exams are offered by the American Society of Military Comptrollers (ASMC) and are open to all defense financial managers, to include military and civilian members in the DoD and US Coast Guard as well as defense contractors and suppliers.
